

# THERMACUT<sup>®</sup>

## EX-TRAFIRE<sup>®</sup>30SC

### NEXT GENERATION OF HANDHELD AND MECHANIZED PLASMA CUTTING SYSTEM

#### MILD STEEL CUTTING CAPACITY

MATERIAL THICKNESS [MM]

#### FEATURES AND BENEFITS

- CNC communication for mechanized cutting
- Best power to weight ratio.
- Simple manual setup.
- Quick and easy fit up with the patented Thermacut Torch Connection System (TCS).
- Industry's Lightest, most Flexible torch lead.
- Cost of ownership, has been reduced to the lowest cost per meter in the industry.
- Industry leading: Investment cost vs Performance return.
